CROP REPORT;

Everything is lovely and the goose hangs high. Champion is going to be over a million bushel town again this year.

Local farmers are taking setting up exercises now get the old backs limbered up for shoveling this crop. Don't forget that we have those extra good light weight grain scoops for the big job and they make it easier.

Art Hopkins is back from California and says that he only passed one driver on the road and he had on 14 tons.

His Honor Mayor Henderson reports a bang up holiday spent as "A Specialist" with all apologies to Chic Sale.

We have three good tractors a W 30 on rubber, a 10 X 20 and 22 X 30 on steel and all overhauled ready to go and priced right.

Alex Latiff got an "A" ticket in his medical examination the other night and someone has suggested that perhaps Jack Taylor with his egg machine could have at least found a discolored yolk if not a crack.

Friends just have a look over our new harvest catalogue you have received in the mail in the last few days and remember that we want to be

John Ohliser took out one of those good McDrg. L.A. Engines the other day. John says the back is not up to the shoveling job any more.

We have all the requirements for that roof of yours that did so much leaking last week end and its priced right too.

Non-Permanent Active

Militia Recruit Here

23 Enlist

On Tuesday evening Dr Carson, Bob Simington and Bob Munro of Vulcan signed up 23 boys from Champion and district in the Non Permanent Active Militia. The first parade being held in Vulcan on Thursday evening.

Young men wishing to join the Non Permanent Active Militia may now do so. On Tuesday evening of last week Captain Newcombe was in Vulcan attesting men for this branch of the service. At present Champion and district boys will have to go to Vulcan two nights weekly but it is hoped to have arrangements made in the near future whereby the local lads will train in Champion.

The present set up is that the units of Vulcan, Nanton and Champion will make up the full company of the battalion, with a permanent drill instructor. As soon as the unit is established the non commissioned officers will be selected and given special training. Training will be given two nights weekly and if a member attends sixty or more drills during the year he will be paid on the basis of one days pay for two nights drill. The battalion will spend two weeks in training at Sarcee Camp, from Sept. 1st to 15th.

It should be pointed out that in joining this or any other home defence unit a man is no more likely to be called up for active service than a non member, but he has the chance of getting into a better position as a commissioned or a non commissioned officer, or through training in various special branches of the service.

It is expected that uniforms will be expected that uniforms will be issued before the end of August.

On Saturday afternoon about twenty girls gathered for a shower in honor of Mrs Jack Hopkins. The afternoon was spent with games and contests. After lunch, the guest of honor was presented with a bread box filled with glassware. A speech was then demanded by the guests and Mrs Hopkins responded fittingly.

Here we see workmen removing sign posts that might be a guide to enemy parachute troops landing in England.

Main Street Improved Better Drainage

The town Council in the past week have done much to improve Champion's main street. The ditches have been deepened and the centre raised. The old gravel was brought to the surface and leveled with the Municipal Grader.

Mr Stewart has been hauling gravel in front of the stores and business houses.

Considering the obstacles the town Council are bucking in raising this street above the level of the low lying ground in which it is situated they are doing a fine job.

By all appearances the work done will give the main thoroughfare considerably more drainage eliminating the standing pools of mud and water which have been prominent this wet season.

Fair Grade For Farm Produce

By this time we are all aware of the government regulations in regard to egg grading in Alberta.

In our locality we have our government egg graders in each town. In Champion we have Mr. Jack Taylor and in Carmangay Mr. Boner. These men are qualified egg graders and have instructions from the government on the proper method of procedure.

This is no guessing proposition and the producer can be assured of a fair and standard grade for his produce.

While the consumer can buy his eggs with every confidence that they are fresh and fit for consumption.

This is a protection for the farmer that wishes to give the consumer a standard quality and will in time tend to raise the price to a fair level for both the producer and the consumer.

Registration Days

August 19, 20, and 21

Registrars Appointed

Residents of Champion will have as Deputy Registrars Mr L. Ditto and Mr D. Chamberlain on Canada's days of National registration, August 19, 20 and 21st. Their offices will be located in the Community Hall and will be open from 8 a.m. until 10 p.m. each day.

Those failing to register who are over the age of 16 make themselves liable to heavy penalties.

W Ulrich Celebrates 63rd Birthday

At the home of Mr. and Mrs. Wm. Ulrich was the scene of a very enjoyable gathering, last Sunday afternoon the occasion being Mr. Ulrich's sixty third anniversary. Mr. and Mrs. Ulrich were hosts to 40 guests.

The sumptuous dinner was spread on long tables placed among the trees needless to say. Mrs. Ulrich's famous home made ice cream was on the menu in generous servings.

All present joined in singing "Happy Birthday to You" and wishing Mr. Ulrich many more happy birthday anniversaries,

Buy War Stamps

We in our district must remember that one bullet never won a war. That is if you have bought a war stamp don't get the idea that your duty is done or that you have made your sacrifice to help win the war. No, not even if you have bought one certificate or ten. Each one of us will have to send more than one silver bullet on its way to do our share in stamping out this menace to our democratic freedom.

Frankly we are disappointed in finding that in Champion there has been only one hundred and fifty dollars worth of stamps sold in our district.

Let us do a little mental figuring: this works out to around six hundred stamps or less than thirty eight certificates sold in our district, of close to a thousand people. This is not enough! So lets do our bit and keep in mind "A Stamp A Day Keeps Hitler Away."

The Canadian NPMAM

The Non-Permanent Active Militia has about the same function in war as it has in peace. Its object is to give men military training in their spare time, two or three evenings a week, so that they will be reasonably prepared for active military service if and when the need arises. The man who joins the militia keeps working at home. The only difference it makes to him is that he is going down to his local armories to parade and be instructed on regular evenings. He has no uniform just an armband. He may get a uniform later on from the government, but at present there are none available for the militia.

The man who joins the militia is under no obligation to serve overseas. He joins only for home defence. He may volunteer to go overseas, or the opportunity to go overseas may be placed before him. But he is under no obligation to go.

Red Cross Make
Appeal For Winter
Gloves, Helmets, etc.

With many summer days yet to come, the Canadian Red Cross Society is already thinking in terms of fall and winter and women all over the country are to knit gloves, mittens, caps and helmets for all men of all branches of the active service.

These articles will be needed by the thousands, Mrs. W. Campbell, national chairman of women's war work committee said yesterday. "In these days of warm weather, some might find it hard to concentrate on the need for woollen gloves and helmets, but the Canadian Red Cross must continue its policy of being prepared and fully equipped to meet any emergency.

The same all service wool used for socks may be used for mittens, gloves, helmets and caps, Mrs. Campbell said. Instructions for all types of these articles are in the Red Cross Knitting Book and should be followed carefully.

We must, of course, keep abreast with the year round demand for socks. Mrs. Campbell said, but gloves and helmets must also claim a great deal of our attention. All through the months since war was declared we have been able to meet every emergency at home and overseas for the simple reason that the women of Canada have been making the articles we need most rather than the things they themselves like to make.
